Desplazamientos semánticos y propiedades formales de la morfología apreciativa nominal en el español de la Argentina
Laura Malena Kornfeld, Universidad de Buenos Aires/ Universidad Nacional de General Sarmiento/ CONICET

Resumen

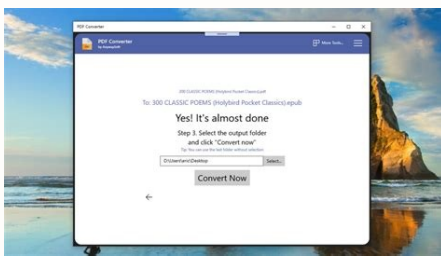

Este trabajo se propone discutir la relación entre el significado espacial de tamaño y los diferentes significados "derivados" que pueden adquirir en su combinación con nombres un conjunto de afijos apreciativos del español de la Argentina, que incluyen a los sufijos *-ot(a)*, *-ac(a/a)*, *-ón(a)* (aumentativos), *-it(a)*, *-uch(a/a)*, *-ete*, *-ín(a)* (diminutivos) y los prefijos *re-*, *super-*, *mega-*, *hiper-*, *maxi-*, *macro-* (aumentativos), *mini-* y *micro-* (diminutivos). Además, se intenta caracterizar las principales propiedades sintácticas de las palabras creadas a partir de esos afijos y, en particular, sus posibilidades combinatorias con nombres simples y derivados y con nombres contables y de masa. A partir de esos datos, se trazan relaciones entre la noción de tamaño y los distintos sistemas de cuantificación, nominal, adjetivo y verbal/oracional. Los datos presentados y la discusión subsecuente tienen interés para diferentes marcos teóricos, si bien el trabajo está basado en la Morfología Distribuida, un modelo de la gramática que permite una gran permeabilidad entre la morfología y la sintaxis, mucho mayor de la admitida por las concepciones lexicistas de la morfología, que procuran mantener ambos componentes bien diferenciados.

Abstract

This paper discusses the relation between the spatial notion of size and the different "derived" meanings of a group of appreciative affixes of Argentine Spanish when combined with nouns. This group includes the suffixes *-ot(a)*, *-ac(a/a)*, *-ón(a)* (augmentatives), *-it(a)*, *-uch(a/a)*, *-ete*, *-ín(a)* (diminutives) and the prefixes *re-*, *super-*, *mega-*, *hiper-*, *maxi-*, *macro-* (augmentatives), *mini-* and *micro-* (diminutives). Besides, the main syntactic properties of these affixes are established, and, particularly, their possibilities of combination with simple and derived nouns and with countable and mass nouns. Finally, the analysis of the phenomena permits to propose relations between the notion of size and the different systems of quantification (nominal, adjectival and verbal/ sentential). Although the data and the subsequent discussion have interest for many theoretical frameworks, the paper is based on Distributed Morphology, a grammatical model which allows much more permeability between morphology and syntax than lexicist views of morphology, which intend to keep well separate both components.

1. Introducción

En el presente trabajo me propongo analizar las propiedades semánticas y sintácticas de un conjunto de afijos apreciativos del español de la Argentina en su combinación con nombres. Los afijos analizados incluyen a los sufijos *-ot(a)*, *-ac(a/a)*, *-ón(a)* (aumentativos), *-it(a)*, *-uch(a/a)*, *-ete*, *-ín(a)* (diminutivos) y los prefijos *re-*, *super-*, *mega-*, *hiper-*, *maxi-*, *macro-* (aumentativos), *mini-* y *micro-* (diminutivos), muchos de los cuales se combinan también con otras clases de palabras.

If you still have doubts, ask for information to benefit from our scholarships and funding. If you dedicate your professional work to the area of health and want to know the essential aspects of Antiemetics in OncologAa at general and specific level this is your time, with the Course in Antiemetics in OncologAa you can acquire the appropriate knowledge to perform this function with success. MarAa RI. GREAT Opposition on the Specialist in Antiemetics in Oncology Very good course in relation to the antiemetics in oncologAa, I am very happy to have chosen them. Our staff is only framed in a structure that facilitates the highest quality in the attention of students. Currently, Euroinnova has a human team of more than 300 professionals. Undoubtedly, this is a highly recommended online course, from my humble point of view. For electronic mails there is no fixed timetable, it is always answered as soon as possible. Pay as you want 100% interest-free Financing We have designed a Fellowship Plan to further facilitate access to our training together with eonic flexibility. Method of course antiemetic oncology Official course of the formation This training is not included within the scope of the formal formation (Child Education, Primary Education, Secondary Education, Professional Training FP, Bachillerato, Graduate University, Master Official and PhD). We have the Online Trust stamp and collaborate with the most prestigious Universities, Public Administrations and Software Companies at the national and international levels. So if you come with a friend or family, you can count on a 15% scholarship. Luisa G.v. SEVILLA OpiniA3n sobre el Especialista en Antiemeticos en Oncologial have been able to assimilate the knowledge that I needed to apply them to my future specialist job in the sector, thanks to this online course of Euroinnova. And by mail? On the other hand, there is the final examination, which corresponds to the whole agenda and is the one that defines the final note of the course His limit of attempts varies in function of the training action. Our teaching processes are certified by AENOR by ISO 9001, 14001 and 27001. Is there any timetable for telephonic tutoring? The course itself is very complete and has fulfilled my expectations more. Learning for Real Life With this strategy, we intend that new knowledge be substantively incorporated into the student's cognitive structure. For those who go through a period of work inactivity and decide that it is the right time to invest in improving their future possibilities. What I like most is the possibility of doing it completely at my rate, without established schedules. Lecturer in Course Antiemetic Oncologia Degree in Human Nutrition and Diet, Master in Human Nutrition, Master in Genetic, Nutritional and Environmental Conditioners of Growth and Development Master in Educational Guidance, Master Degree in Graduate 2 cycle or Bachelor of Arts in Psychology 20 courses to perform the Course Hi, the course evaluation is divided into two parts. You will not be alone Accompaniment by the mentoring team during your entire student experience. I can now perform my professional work in the field with greater safety and professionalism. The figures support us 100% Online Study whenever and wherever you want. 25% international students.
